

The Living Wage Foundation

Wessex Pumps is a Living Wage Employer

For organisations wanting to demonstrate their commitment as a responsible employer, Living Wage accreditation is the best place to start. By paying the real Living Wage, employers are voluntarily taking a stand to ensure their employees can earn a wage which is enough to live on.

That basic fairness is at the heart of what the Living Wage campaign is trying to achieve and why great businesses and organisations choose to go further than the government minimum. As well as it being the right thing to do, there is a growing body of evidence demonstrating the business benefits of becoming a Living Wage Employer.

We have joined over 14,000 UK employers leading the way and gaining Living Wage accreditation.
